The Vice President of Brotherhood may appoint temporary delegates to the Kai Committee in the event of an open position until such a time when an election can be called to fill the vacated position. The Vice President of Brotherhood's role on Kai is to serve as an unbiased mediator. His job is to lead the discussion in a positive manner and to withhold personal opinion in judicial hearings.

Section 6: The Kai Committee members must be respected active Brothers with voting rights and have no more than one Kai Committee sanction in the past that exceeded the second degree, or no more than three violations of a lesser degree. Once a member exceeds his violation limits, he is no longer eligible to serve on the Committee. If he is on the Committee, he will be removed and a new member will be elected to join the Committee. The Kai Committee members are not on the Committee to make personal decisions about situations, but exist simply to uphold the Bylaws, ritual, and Brotherhood of Beta Theta Pi and the Zeta Lambda Chapter. Kai Committee members must look past friendships and focus on their purpose described in Section 1 in order to hold members accountable. In the event a member of Kai cannot make an unbiased decision, the Vice President will remove them from the case and appoint a temporary replacement.

Section 7: If a Kai member is submitted to the Committee, they will be removed from the discussion and the Vice President of Brotherhood has the option to temporarily appoint a member. If the Vice President of Brotherhood is submitted to the Committee, they will be removed from the discussion and the President will temporarily act as moderator.

Section 8: The Vice President of Brotherhood will appoint a member of the Kai Committee as the Kai Secretary. The Kai Secretary is in charge of taking attendance and minutes. Members are only permitted to miss one meeting.

Section 9: **CASE RECOMMENDATIONS**—In order for a case to be heard by the Kai Committee, it must be recommended to either the Vice President of Brotherhood, to any Kai Committee member, or to the President in written form. Any Brother or Pledge of the Zeta Lambda Chapter of Beta Theta Pi may recommend cases to the Kai Committee. The identity of the Brother or associate member appealing to the Kai Committee will be withheld unless explicit consent is given to reveal his identity.

STEPS OF ACTION— I: It is the responsibility of the Kai Committee to gather facts about the case within the Brotherhood before hearing the case in order to determine the validity of the accusations. Outside evidence may be presented if deemed appropriate and prudent by the Kai Committee and if it does not conflict with State or University investigations.

- 1) The Kai Committee meets to decide whether or not a case should be heard. If a case is to be heard, the Kai Committee will meet and discuss both the problems and appropriate forms of action.
- 2) The Committee will ask for the individual(s) involved to address the Committee to state information pertinent to the situation.
- 3) After the Committee has heard all information, appropriate action or sanctions will be enforced. The decision of the Kai Committee should be made in a timely manner, with all possible effort to deliver it within 2 days of hearing the case.
- 4) It is essential that all actions of the Committee be documented for the future. Previous case precedence should be followed as a matter of consistency, **but it is not required**.

- 5) The Committee will update the persons that brought the situation to the Kai Committee in order to explain the reasons for the decision.
- 6) It is the duty of the Kai Committee to ensure that proceedings of the Kai Committee remain confidential.

It is important to remember that just because a member is called before the Kai Committee, it does not mean that he is being accused of anything. It simply means that his information or insight is requested.

Section 10: There are four different degrees of violation of the Kai Committee. The first degree involves violations that bring minute consequences, while the fourth degree involves violations that are extremely severe and can have consequences that can threaten the goals, vision, and Brotherhood of the Chapter. The violations of each degree are outlined in the Zeta Lambda Constitution, and the Kai Committee must use good discretion to place any violation not clearly mentioned under its appropriate degree.

Section 11: ***APPEAL PROCESS***

Having been sentenced the alleged may attempt to appeal their case to the Executive Committee. If the process of the hearing was violated then the alleged must be retried upon request of the alleged. The process of hearing is violated when the rights extended to the alleged in Article 3 Section 9 by the constitution are infringed upon.

The alleged may also request the Executive Committee to review the case for reasons other than violation of the hearing process. The Executive Committee may require the Kai Committee to reexamine a case with a 2/3 majority vote of the Executive Committee. Only the Vice President of Brotherhood must abstain from this vote.

Though the Executive Committee may not revise the tier or specific sanction the Executive Committee reserves the right and ability to send a recommendation to change sanctions and tier level. This recommendation should be presented by the President to the Kai Committee. All recommendations must be observed in a serious and open mind by the Kai Committee. However, this is not a binding order upon the Kai Committee. The recommendation should be pre-prepared and reasoned in a compelling fashion. Multiple appeals may be made on the basis of process. However, the Executive Committee may only make recommendations during the initial appeal.

A brother shall be assigned a number of sanction points proportional to the degree of the violation brought against him. Points shall be assigned when the sanction ruling is passed down by Kai. Each semester a point will be removed from the record of each member possessing points. Unless, a member has accrued five or more points in which case a period of one year must pass before points may begin to be subtracted, one per semester. Sanctions specific to a case, such as function sobriety, will not be affected by the passing of time but only by the completion of the given task. As shown in Article 4 Section 4 a member will lose good standing once five sanction points have been accrued.

- 1st Degree Violation: One (1) Sanction Points
- 2nd Degree Violation: Two (2) Sanction Points
- 3rd Degree Violation: Three (3) Sanction Points
- 4th Degree Violation: Five (5) Sanction Points

Section 12: The following is a list of possible violations and the degrees under which they fall. Following the description of violations are the sanctions likely to be fitting responses on behalf of the Kai Committee. In reaching a verdict, Kai must always strive to embody the principles of Beta Theta Pi and bear in mind that the application of sanctions is to be done in the manner most likely to benefit the Chapter and restore bonds of Brotherhood.
