Classes shall be held at least three times a week and each an hour long. Ultimately, our goal is to have two morning classes and one night class every week. All three classes will be taught by professional dance instructors and the style of dance in these classes will vary. These classes are just for the student's leisure and not for competition. An annual performance by the Furman University Dance Club will showcase what the students have worked on during the dance classes to the Furman community and are not meant for competition.

Attendance for every dance class is not mandatory.

Article VI – Finances

Furman University Dance Club shall petition the Furman Student Government Association annually for funds. Money requested will be based off the number of classes, teacher pay, performance tickets, costumes, rental space for emergencies if needed, etc. Members of the club must pay their dues before attending classes if money provided from SGA is not adequate for the club.
