

Constitution

Article I: Name

The formal name of this organization shall be “Furman University Morgan’s Message”.

Article II: Purpose

The purpose of Furman University Morgan’s Message shall be to end the stigma surrounding mental health in student-athletes.

Article III: Affiliations

This organization will be the Furman University chapter of Morgan’s Message, which is a national organization created in honor of Morgan Rodgers. Morgan was a young woman and student-athlete who took her own life at the age of 22 after battling mental health issues for years. The organization intends to confront student-athlete mental health and provide a platform for advocacy, and that is what the Furman University chapter will do as well.

Article IV: Membership

Any active student-athlete at the university is eligible to join. In keeping with Furman University’s non-discrimination policies, membership shall be open to all undergraduate, day students. Our organization will not discriminate on the basis of race, sex, handicap, age, sexual orientation, political affiliation, or religious affiliation.

Article V: Officers

There will only be a president at the beginning of the club. As it grows in size, other positions are to be added, such as a treasurer and vice president. In order to be an officer, one must be a member, and shall be agreed upon by all members of the organization. Leadership positions will be reassessed annually.

Article VI: Advisor

The advisor, Alex Sobelman, is the women’s lacrosse team’s athletic trainer, who has a passion for student-athlete mental health as well.

Article VII: Meetings

Meetings will be held monthly. If need be, they will be held more frequently if an event or dedication game is coming up.

Article VIII: Finance

There will not need to be excessive funds for this organization. Any funds that are needed will be for on campus events and dedication games (e.g., t-shirts) but they will not be extravagant. Money that is raised through fundraising will go to Morgan’s Message.

Article IX: Amendments

Our organization will come to an agreement if an amendment needs to be made to the constitution. We will discuss the change and ensure that we are all on the same page before changing it.

By-Laws

Article I: Membership

All members have the opportunity to become a Morgan's Message Ambassador, but it is not required in order to be a club member. All members have the same rights, and there are no different categories of membership. In order to join the club, an interested member must attend a meeting before joining, to see if they really do want to be part of it. The only membership requirement is that the individual must be an active student-athlete at Furman University. The removal of a member is not a foreseeable issue, as no one is required to join and can leave if they no longer feel they can participate.

Article II: Selection of Officers

Officers are selected by the club agreeing upon and appointing a member that wants to hold an elected position. The only present officer is the president, and they are in charge running the club. As the club expands and more officers are required, duties will be decided. If there is a vacancy, the group will elect and refill the position. The removal of an officer is not a foreseeable issue, as no one is required to become an officer and can leave if they no longer feel they can hold their position.

Article III: Selection of Advisor

The advisor is agreed upon by all members of the club. The removal of an advisor is not a foreseeable issue, as they are able to volunteer for the position and are not required to be an advisor.

Article IV: Committees

At this point in time, committees will not be established given the small size of the organization. If committees are eventually needed, functions and duties will be decided. To establish ad-hoc committees, members of the club will agree upon the addition of the committee as well as the members that will compose it.

Article V: Rules of Order

Business will be conducted casually, yet respectfully and efficiently. The organization is not meant to be competitive or intense, but simply to raise awareness and advocate for student-athlete mental health. Therefore, internal conflicts are not anticipated. However, if they do arise, they will be handled appropriately.

Article VI: Amendments

Our organization will come to an agreement if an amendment needs to be made to the bylaws. We will discuss the change and ensure we are all on the same page before changing it.
