

Psych Club Overview

Officer Responsibilities

President

The President organizes the Psych Club Colloquium. This job involves polling the students and faculty for suggestions of speakers. Taking a vote from the students to rank order the speakers. Inviting the speaker and working with Donna to make flight, hotel, dinner arrangements. The President also helps to make the Speaker's itinerary. Typically, we have enough funding to bring one speaker to campus. The department would like for one psych club event to be a CLP, which could be the colloquium speaker.

The President also organizes How to survive as a Psych Major night to occur once in the Spring. Manages the Psych Club on SyncDIN and confirms requests to join, posts points of interest, etc. Works with the Treasurer to submit the yearly budget to SGO in the Spring. Makes sure that the planned events actually happen. This may mean that the President pesters the others to make sure that events are organized.

The President is also responsible for communicating with faculty advisor(s) about the on goings of the Psych Club (upcoming events, etc.).

Treasurer

The Treasurer works with the President to obtain the funds for the Psych Club Colloquium Speaker. The Treasurer also manages the budget for the other events that are sponsored by the psych club (e.g., attending academic quiz bowl day, helping pay for student travel for students who need funds).

Volunteer Coordinator

The Volunteer Coordinator organizes a volunteer service event, henceforth referred to as the "Lib Nanney Service Project." This is typically once per semester. In the past this has included helping out at Child's Haven, Habitat for Humanity, and entering a team in Relay for Life. We have also done things like having a bake sale to raise money for various causes and sending Valentine's Day cards to children in the hospital.

Dinner Coordinator

The Dinner Coordinator organizes dinner with faculty. We always have one dinner per semester. We usually go to somewhere close by campus. This involves finding out a date that will work for a majority of faculty, determining the number of students attending and making reservations at the restaurant.

Events Coordinator

The Events Coordinator helps plan other events that the group wants to do. In the past this has been things like going bowling, tailgating before going to a football game, psych movie night, and bagels and coffee study time. In the Fall, this person helps to organize the Quiz Bowl team. We typically try to have one event per semester (in addition to the Fall's Quiz Bowl). Note that the department would like for one psych club event to be a CLP, if not the colloquium speaker, then another event. The Events Coordinator also puts together the annual End of Semester Holiday Party on the last day of class of the fall semester from 3-5pm.

Public Relations Coordinator:

The Public Relations Coordinator is responsible for recruiting new Psych Club members, informing psych majors and Psych Club members and faculty about upcoming events. For all events, post events on SyncDIN, ask Donna to email to all psych majors and faculty about event, and create posters for all events and ask Donna to print for you to post.

Psych Club Overview

Planning Activities and Suggested Activities

This is a list of activities that the Psych Club has hosted in the past. *An Asterisk is placed next to ones that are more or less expected. We can continue with these events or add new events. It's up to you! The main thing that I have noticed is that if we have too many events on the schedule we have lower attendance at everything. It also helps when we have advertised events well in advance so that students have them on their schedule. I think that it is a good plan to have **one event per month**, with some months occasionally having two events when the events that are offered only apply to a small group (e.g., November is Quiz Bowl month but usually we only send a team of 6-8 students to that so if we had a Volunteer event that month I think it would be OK). Officers should **start thinking about events for the Fall semester over the summer** so that we have ideas on the table for the first psych club meeting. Officers are expected to do their best to attend all events.

1) *Psych Club Colloquium (President)

It would be great if everyone could start thinking of people who you'd like to bring to campus. Please try to think about people who would be interesting to a large group of students. Contact Donna to send out an email to ask other Psych Majors for suggestions. Poll psych majors on Facebook or SyncDIN for ideas as well. Let's aim to have a **preliminary list of speakers by June 15th**. Then we can have a discussion to narrow down the list to 4 speakers and we'll send out a poll to Psych majors to vote. The hardest part is that we need to get on the speaker's calendar as soon as possible to ensure that we get the speakers that we want. So I'd like for us to **start contacting possible speakers in July**.

2) Journal Club to be tied into the Colloquium Series (All Officers)

We posted an article or two that reflects the research that the colloquium speaker will talk about before a colloquium speaker came to campus. We sent out the articles about a week in advance and then met to have a discussion about the articles the day (or two) before the colloquium. We kept the discussion limited to 45 minutes of time and met at the PDen or Library Café to get some coffee while we had our discussion.

3) *Activities Fair (All Officers)

The Activities Fair is run by the Student Life office. It is always at the **start of the Fall semester** and all of the student organizations have a table for a couple hours to share with incoming students what their organization is all about. The student life office sends an email asking if we want a table and the President of the club and the other officers stand at the table. We usually hand out flyers or old t-shirts.

4) Research Night (Event Coordinator)

If there's interest, we can set up a research forum in the **Fall Semester** - each faculty discusses his/her research very briefly, and this is followed up with students who worked in each lab describing his/her experiences (without the faculty present). If there's interest for next year, the faculty can discuss the date for the event at the departmental retreat in August and will put it on the official Departmental Calendar. The Psych Club will then be asked to organize the student speakers (minimum 1 per lab).

5) *Academic Day & Quiz Bowl (Event Coordinator)

We have a strong track record at the Quiz Bowl! We have funds to cover the cost of the registration for this event and an overnight stay depending on the location of the event. Students from all years and psych classes are encouraged to go! Typically, we're looking for 6-8 students to participate. The details haven't been announced yet but it occurs in the fall (usually **early November**) and is at a university in SC somewhere. The day includes a few colloquium talks and then the Quiz Bowl. We should encourage a group of students to attend and bring home the big trophy!

6) *Dinners with Faculty (Dinner Coordinator)

These are always a hit. We usually organize **one dinner per semester**. We usually choose a location that is close to Furman, but we could think about mixing it up if you want.

7) "How to survive as a Psych major" Night (President)

Psych Club Overview

In the **Spring semester**, the Psych Club Officers organize an evening where students speak to new majors or students who were thinking of being majors. There is an outline of things that the students talked about last year that we can share with the officers as a starting point. We typically have three students speak – the Psych Club President plus two others (usually a junior and a sophomore). Prior to the meeting, the faculty advisor always meets with the students who are presenting to remind them that they should be providing advice that stays on message and to make sure that they are not saying anything like “Prof X is easy!”. The session is always run by the President who selects the other two students for the panel and I always sign off on the other panel members.

8) ***Volunteer Activities (Volunteer Coordinator)**

In the past we haven't always been able to get organized to do anything in the **Fall semester**. (For example, we asked for suggestions and no one could decide on anything so nothing came of it). It has worked better when the Officers have come up with 3 suggestions and then asks everyone to vote on which activity we'll do at the first Psych Club Meeting. Then, the Volunteer coordinator has figured out a time for the activity and we have announced it to the majors. It's important for the Officers to commit to going and to bringing several classmates with them in order to have a strong showing.

9) **Club T-Shirt (President)**

Email ideas to President by late September/early October. President posts ideas on SyncDIN and Facebook for voting. We could also do a Qualtrics poll as well. Goal is to wear shirt to Quiz Bowl to represent!! Donna Greene or Faculty Advisor collects t-shirt money.

10) **Alumni Video (President & Event Coordinator)**

The psychology department would like to reach out to alums and remind them of the good ol' days in the psychology department by emailing them a short video about the Furman Psych Dept. The video can be as creative as you'd like it to be. Some ideas include skits, lip synching, Brewer dancing on a table, etc. The President and Events Coordinator will poll students for ideas via Facebook, SyncDIN, emails to psych majors, Qualtrics, etc. by late September/early October and then post ideas for voting (perhaps do this in tandem with club t-shirt designs). Coordination and production of the short video by December in time for presentation at the Holiday Party!

11) ***End of Semester Holiday Party (All Officers)**

On the **last day of class in the Fall semester** we have a drop-in Holiday Party from 3-5pm. We make it a potluck so people bring different treats. Typically the Events Coordinator communicates with faculty to solicit treats to bring for everyone to share.

12) **Psych Movie Night (Events Coordinator)**

Psych movie nights involve showing movies that are somehow related to psychology and then having a short discussion afterwards. We could select movies from different areas of psych each time or we could make it a series, e.g., Fall – Movies you won't forget! (aka movies about memory) Spring – Movies to make you wish you were old! (aka movies about aging) etc... We could ask students to make suggestions during the first Psych Club Meeting or we could come up with a list on our own. Depending on the film, we might be able to think about CLP credit for this...but that would also mean making sure that we have the appropriate film rights to show a film to a large audience so with the benefits there are also some drawbacks.

Sample Schedule

Fall Semester

Date	Time	Activity
April		Call for Officer Nominations
Mid-April		Vote on Officers
Early-May		Announce New Officers
Summer		Planning Fall Activities & Colloquium Scheduling
Beginning of Fall semester		Officers Meeting + Faculty Advisor to plan event dates
Early September		Activities Fair
Early September		First Psych Club Meeting Let us know what you'd like to do this semester so we can plan lots of fun!
September		Research Night! Come hear the professors talk briefly about their research and then hear from students in their lab what it's like to work in a lab! JH 208
September		Last day to sign up to be a part of the Furman Psychology Quiz Bowl Team! The Quiz Bowl is on Date TBD. Email club's faculty advisor if you are interested in being a member of the team.
September		T-Shirt Ideas Due → Post for voting
October	TBA	Journal Club – Reading articles by our colloquium speaker this week. To prepare, faculty and students will have an informal “journal club” meeting on campus at the PDen to discuss his research. Articles will be posted on the Psych Club Forum.
October	4pm	Department Colloquium – Dr. X from X University will be presenting a talk about X in JH101. If you are interested in reading some of their work in advance, articles will be posted on the Psych Club Forum. We will also have an informal discussion of the articles over coffee (see above).
October	5:30pm	Dinner with the faculty at local restaurant! Join us for food and fun with the psychology professors. You'll get to hang out with faculty outside of the classroom.
November		Quiz Bowl! The Quiz Bowl is part of an Academic Day hosted by the SC Psychological Association and the Psi Chi chapter at X University. We'll be driving to X to attend lectures on career options in psychology, attend colloquium talks and participate in the Quiz Bowl. Registration fees and transportation will be covered for those who participate. Come on out and help us win the title and bring home the trophy! (Note: sign ups are in September so that there is time for the team to train 😊)

Sample Schedule

November	7pm	Psych Movie Night! Be a psych nerd! Shamelessly watch a movie with a psych theme with others who won't judge you! There will be popcorn! Movie TBA – The movie will be chosen based on your votes so vote often during September using the link posted on the Psych Club Forum.
LDOC	3-5pm	Holiday Party! Huzzah! You made it! Come and celebrate the end of the semester. There will be festive food and activities to de-stress before exam week.
Volunteer activities: TBA		

Spring Semester

Beginning of Spring Semester	Officers Meeting + Faculty Advisor to organize events
