MILEAGE REIMBURSEMENTS-NEW NOTE:

1. If a student **is** a Furman employee, fill out an expense account:

a. Enter as **mileage** on report,

RC reimbursement rate is .20 per mile. Workday automatically calculates at a rate of .50,

b. Deflate mileage to correct for the difference with this formula;

Total miles x .4 = Miles to enter on the expense form

(EG., at the RC rate of .20, the reimbursement for an 80-mile trip is \$16. The adjusted total miles when multiplying 80 miles by .4 is 32 miles. 32 miles X .50, the Workday rate, is \$16.)

2. If student **is not** a Furman employee, they will need to fill out an ad hoc form for mileage reimbursement and submit to RC treasurer. This form will soon go up on SyncDin.

3. Keep mileage in spreadsheet form instead of in a word document.

4. **Submit reimbursements to the RC treasurer through syncDIN every 30 days.** This is an IRS regulation. Furman is required to add tax if the original purchase or travel is over the 30-day limit. Your reimbursement will be reduced by the amount of the tax.

5. Furman's Financial Department does not require that the reimbursements include a copy of a Google Map.
