

Furman University Student Activities Board (FUSAB) Financial Policies and Procedures 2026 Updated 01.16.26

The funds allocated to FUSAB come from activity fees paid by every Furman student. FUSAB has a responsibility to be transparent in their finances, follow procedures and guidelines, and ensure that all students have access to events and benefit from the ways the organization spends its funds.

Furman University recognizes student organizations as being created exclusively by and for students, with decision-making and leadership being the sole responsibility of organization members and elected officers. Ideally, students will benefit from the support and wisdom of faculty/staff advisors, but decision-making and implementation still belongs to students.

The FUSAB Leadership Team (Executive Board, Committee Chairs and Event Coordinators) are authorized to make purchases on behalf of FUSAB. The Leadership Team may designate alternate FUSAB Board members to make purchases on their behalf. Any member making a purchase on behalf of FUSAB is responsible for knowing, understanding and following all procedures in this document.

If members are noncompliant with University and FUSAB policies and procedures, the entire organization may lose access to its budget and spending privileges. Access will not be re-commenced until non-compliant members, committee chair and event coordinator attend a training course at the convenience of the Office of Student Involvement (OSI).

Important Points to Remember

Every time you make a purchase via credit card, remember to hand in a receipt that has the name of the event and what purchase is for written on it. For online purchases, please send an email to Leslie Hoffmann with a "cc" to Liza Jones. Within the email always include NERD:

N-Names of Committee

E-Event

R-reason for purchase

D-DINS ARE THE BEST!

It is very important that you explain, either by writing on receipt or in the email, the event and reason for your purchase. We handle many receipts in a day, and it is difficult to determine what you bought items for. Examples of what you should write on receipt or include in email:

Winter Wonderland-food for table sit
LDOC-raffle prizes
Time 2oo Rewind-supplies for crafts

Please look at your receipt before handing it in. It must be detailed-a total is not enough. This is especially important with food, catering, and restaurant orders. If your receipt is non-compliant, you will be responsible for reaching out to the vendor to get details for any rejected receipts.

Checks for vendors, student employees and student reimbursements take time and have a process in Workday. Please keep this in mind-details explained in the following pages.

A band or musical group whose members are Furman students cannot be paid as a vendor.

The students that make up the group must each be paid individually, as Furman employees, in Workday. If you are hiring a Furman student, please ensure they are already Furman employees in Workday (meaning they have worked on campus at some point during their time at Furman). If they are not already an employee, please let Leslie Hoffmann know so the student can be contacted as to how to become an employee in Workday ***BEFORE the student works for FUSAB.***

Please be thoughtful about the prizes and giveaways being purchased, as far as what the item is, and the amount being spent. Alcohol and related items are prohibited, as are items that are not allowed in dorm rooms such as toasters, air fryers, candles, etc. OSI reserves the right to cancel a non-compliant order.

Individual non-monetary prizes and giveaways, \$100 or over, are taxable, so prizes should be under \$100. ***If you would like to give a bigger prize, consider bundling 2 or 3 items, each item being less than \$100.*** If you are considering spending \$100 or more for one individual prize or giveaway, it MUST be pre-approved by the VP of Finance, Liza Jones. Do not purchase without Liza's approval. The Board member who makes the purchase of \$100 or over is responsible for keeping track of who won the prize and emailing the name of the student to Leslie and Liza.

Monetary Prizes are allowed ONLY if the event or contest is open to the whole student body and are ALL FULLY taxable to the winning student. Please email Leslie and "cc" Liza for OSI to pay the student.

Raffles are not allowed. ***Please do not use the term "raffle" for giveaways in which no money is collected.***

Bon Appetit Catering services should be ordered by emailing catering@furman.edu. In the email, please ask Bon Appetit to charge: FUSAB Cost Center 1158, Fund 14 and WorkTag 1109.

Please use the FUSAB credit card at P2X. Do not ask P2X to do an interdepartmental charge.

Purchase Request Guidelines*

*This list of guidelines is not intended to be exhaustive, but rather clarify frequently misunderstood or new policies or practices.

FUSAB cannot use their funds (regardless of method of payment) to purchase:

- **gift cards, gift certificates or gift vouchers, including Groupon.**
- charitable donations
- cash advances, ATM
- fines
- alcohol or alcohol related merchandise
- memberships (Amazon Prime, Hulu, Netflix, Barnes & Noble, etc.)
- mobile payment apps (Venmo, Zelle, etc.)
- cloud hosted services including subscriptions.
- software or computer services
- E-bay purchases
- personal items or expenses
- lease or rental payments
- items that remain in any one student's possession, except for prizes and awards, Furman and/or FUSAB branded apparel and graduation cords.
- any items or expenses that do not primarily benefit students.

The FUSAB credit card

When will you use the credit card? For in-store and online purchases. If a vendor is going to charge a credit card fee, please request a check instead.

Where is the credit card located? It is in the OSI located in Suite 206 of the Trone Center. When you enter the office, the card will be in the **AQUA BOX** to your left, on the counter under the window. We are generally open from 8:30am-5:00pm, Monday-Friday. The Trone desk staff can unlock the door for you if we are away from the office.

Do I need to use for P2X? YES! P2X should be charged on the credit card-interdepartmental is no longer allowed.

Can I take the card with me to make an online purchase? We ask that online purchases be completed at the office of Student Involvement.

How long can I keep the card? Please pick up the card as close as possible to the time you will be making the purchase because you can only keep the card for a maximum of 24 hours (see

exception below). For example, do not check the card out on Tuesday for a purchase you are making on Wednesday afternoon. If you can make the purchase online, please do so in the OSI office instead of taking the card. Keep in mind there are many FUSAB students that need to have access to the card.

What about weekend events? A FUSAB officer or committee chair can sign out the card for the weekend. Please return it as soon as you are done with it-Trone front desk staff can unlock the office for you on the weekend. Please return all the receipts, labeled with the event and reason for purchase. The student logging the card out is the one responsible for its safekeeping and return.

Please do not take pictures of the card, write card information down, share card information or photos via text or phone, save the card on online apps, etc.

SyncDIN Vendor Payment Request

When will I need to fill out the SyncDIN Vendor Payment Request? This is required when FUSAB is paying a vendor (individual or company) for services at special events, on or off campus. Examples: venue rentals, ride rentals, service catering, food trucks, DJs, musicians, entertainers. This form applies when you are paying a Furman student for professional services as well. It does NOT apply when you are purchasing supplies and materials, pick-up catering, reimbursing a student for something they paid for (see Student Reimbursement Request below), etc. You will need to fill out the form on the FUSAB page of SyncDIN and attach an invoice/contract, Certificate of Insurance (COI) and possibly a W-9.

Furman requires a contract and COI if a person or company will provide a service, such as entertainment, catering, DJ, equipment rental, rides, inflatables, etc. whether on campus or off campus. Contracts will need to be approved by a full-time Furman staff member (the Associate Dean of Student Involvement or the Director of Student Involvement), so this does add more time/another step. If the company does not have a contract, we can provide one for them. Please email leslie.hoffmann@furman.edu to request.

A COI is a short form that shows insurance coverage and dates, coverage limits, and who has coverage under a policy. We request COIs to ensure companies we work with have the correct coverage and limits. Furman should be listed as a certificate holder for companies that provide services on campus. For off campus, we need the COI but do NOT need to be named a certificate holder. Exceptions to COI can be made for low-risk vendors but that decision must be made by Furman's legal department.

The Furman Finance department cannot fulfill payment until the necessary documents have been submitted and uploaded. Please do not submit the SyncDIN form until all documents are attached. Finance processes checks on Thursdays and they are mailed directly from JP Morgan-keep in mind that checks ARE NOT printed at Furman.

If you are paying by credit card, you need to wait until the SyncDIN form is approved BEFORE you make payment. **Please remember to NOT use the credit card if the vendor charges processing fees.**

Please request vendor payment as soon as you have all documentation available. The entire process from start to finish will take at least 2 weeks but could take more depending on vendor responses, time of year, etc.

Student Reimbursement Requests

Student reimbursements should only utilize them as a last resort when other forms of payment are not possible. You must provide a detailed receipt that shows payment from a personal credit card, account, etc. In addition, only students can receive reimbursements (not advisors, affiliates, or external entities) and they must be requested within 30 days of occurrence. These requests can be emailed directly to Leslie Hoffmann with a “cc” to Jacqueline Giftos.

Student Employee Payments

Whenever a Furman student provides a service to FUSAB, it will be processed via Period Activity Pay in Workday, which is part of the payroll process. You will need to fill out the SyncDIN Vendor Payment Request to get payment processed.

As mentioned before, please be proactive and ask all students up front if they have ever worked for Furman. If not, please email their names to Leslie Hoffmann so she can assist them in working with Enrollment Services to become Furman employees. This process will be slowed down if the student is not listed as a current Furman employee in Workday.

Important Contacts Spring 2026:

Liza Jones
FUSAB Vice President of Finance
joneel0@furman.edu

Jordan King, Director of Student Involvement
Staff Advisor
jordan.king15@furman.edu
864.294.2036

Leslie Hoffmann, Student Involvement Business Manager
Staff Advisor to FUSAB VP of Finance
leslie.hoffmann@furman.edu
864.294.2241

Note: This document is intended as a resource for the 2025-2026 FUSAB student leaders to better understand financial procedures and policies. It is not intended as a comprehensive handbook. For more University policies, consult the Student Organization Handbook or communicate specific questions to the FUSAB staff advisors.
