Meet Your Reps

Major
Business/Economics

What made you join SGA?
Above all, I wanted to help connect
our classes. I see a huge gap in this
university for intermingling and
despite the already close knit
culture, I want to be able to say I
trust everyone at this school. I also
believe having a person who's
accessible is important at a
university, and I am very happy to
provide that for my class, and the
school in general!

Goals this year for SGA
My main goal is to bring more of that
good ol' Furman HYPE. I never wanna
hear Furman slander - only constructive
criticism and some casual banter! I also
wanna bring more efficiency to some
campus technology - and of course - I
want some more fun campus activities...
swingset, anyone?
